Common Merger Module (CMM) Status

- **Version *Draft 3* of specifications written by Norman**

- **Main changes from *Draft 0.2a*:**

  energy summation now uses a *full* linear scale between CMMs as proposed by Uli Schaefer *(was compressed quad-linear)*

  energy readout format modified accordingly

  all registers limited to 16-bit width

  **additional documentation
        *(backplane pin-out, etc)***

- **Reviewers:**

  Eric Eisenhandler

  Uli Schaefer

  Sam Silverstein

  Richard Staley

- **Preliminary Design Review will be held at RAL on Monday 11th December**

- **Schematics review – February 2001**

- **Standalone tests – May/June 2001**
