ASSO Action Table *(selected items)*

Item	Description	TC Contact	TDAQ Contact	Expected Date	Comments – Status
Level-1 Central Trigger					
Q-0001	Detector groups to name (or reconfirm) TTC contact people		P. Farthouat	**JAN-02**	Need EB action on detector system Project Leaders.
Q-0002	Detector groups to identify contact people to clarify involvement of CTP in their calibration process.		R. Spiwoks	**JAN-02**	Need EB action on detector system Project Leaders.
Q-0003	L1 to identify physicist responsible for timing of experiment		N. Ellis	**FEB-02**	
Level-1 Calorimeter Trigger					
Q-0004	L1 to identify software manpower resources for slice test		E. Eisenhandler	**DEC-01**	We understand that this means we should provide a list of names of the available people. **DONE**.
Q-0005	DIG to identify a contact person or persons to provide backup support for slice test	L. Mapelli	N. Gee	**NOV-01**	See notes of LVL1 meeting in NIKHEF TDAQ workshop NOV-01. **DONE.**
Q-0006	L1 and LARG to document connections between LARG Receiver and L1 Preprocessor	B. Cleland	S. Hillier and M. Landon	**APR-02**	Note: LVL1 wish to extend the document to cover also the connections from the calorimeters to the receivers.
Q-0007	LARG to name the institution which will provide the LARG Receiver hardware and to name (or reconfirm) the contact person for this system.	B. Cleland	E. Eisenhandler	**APR-02**	

Item	Description	TC Contact	TDAQ Contact	Expected Date	Comments – Status
Q-0008	L1 and Tilecal to document the connections between trigger signal outputs on Tilecal and Preprocessor inputs	R. Leitner	S. Hillier and M. Landon	**APR-02**	
Q-0009	L1 to specify the institution which will provide the Tilecal Receiver hardware, and L1 and Tilecal to provide names of contact people	R. Leitner	E. Eisenhandler	**JUL-02**	
Q-0010	LARG and L1 to identify contacts concerning use of LARG calibration system for L1 trigger	H. Oberlack	E. Eisenhandler	**DEC-01**	
Q-0011	Tilecal and L1 to identify contacts concerning use of Tilecal calibration system for L1 trigger	R. Leitner	E. Eisenhandler	**DEC-01**	
HLT (selected item)					
Q-0034	LVL1 and TDAQ to activate an internal working group for online computing able to couple with the LVL1 software organization		N. Ellis	**JUN-03**	During present phase different LVL1 subsystems develop software independently following common guidelines from DIG.
