

GridPP

UK Computing for Particle Physics

UKI-SouthGrid Overview and Oxford Status Report

Pete Gronbech

SouthGrid Technical Coordinator

HEPSYSMAN - RAL

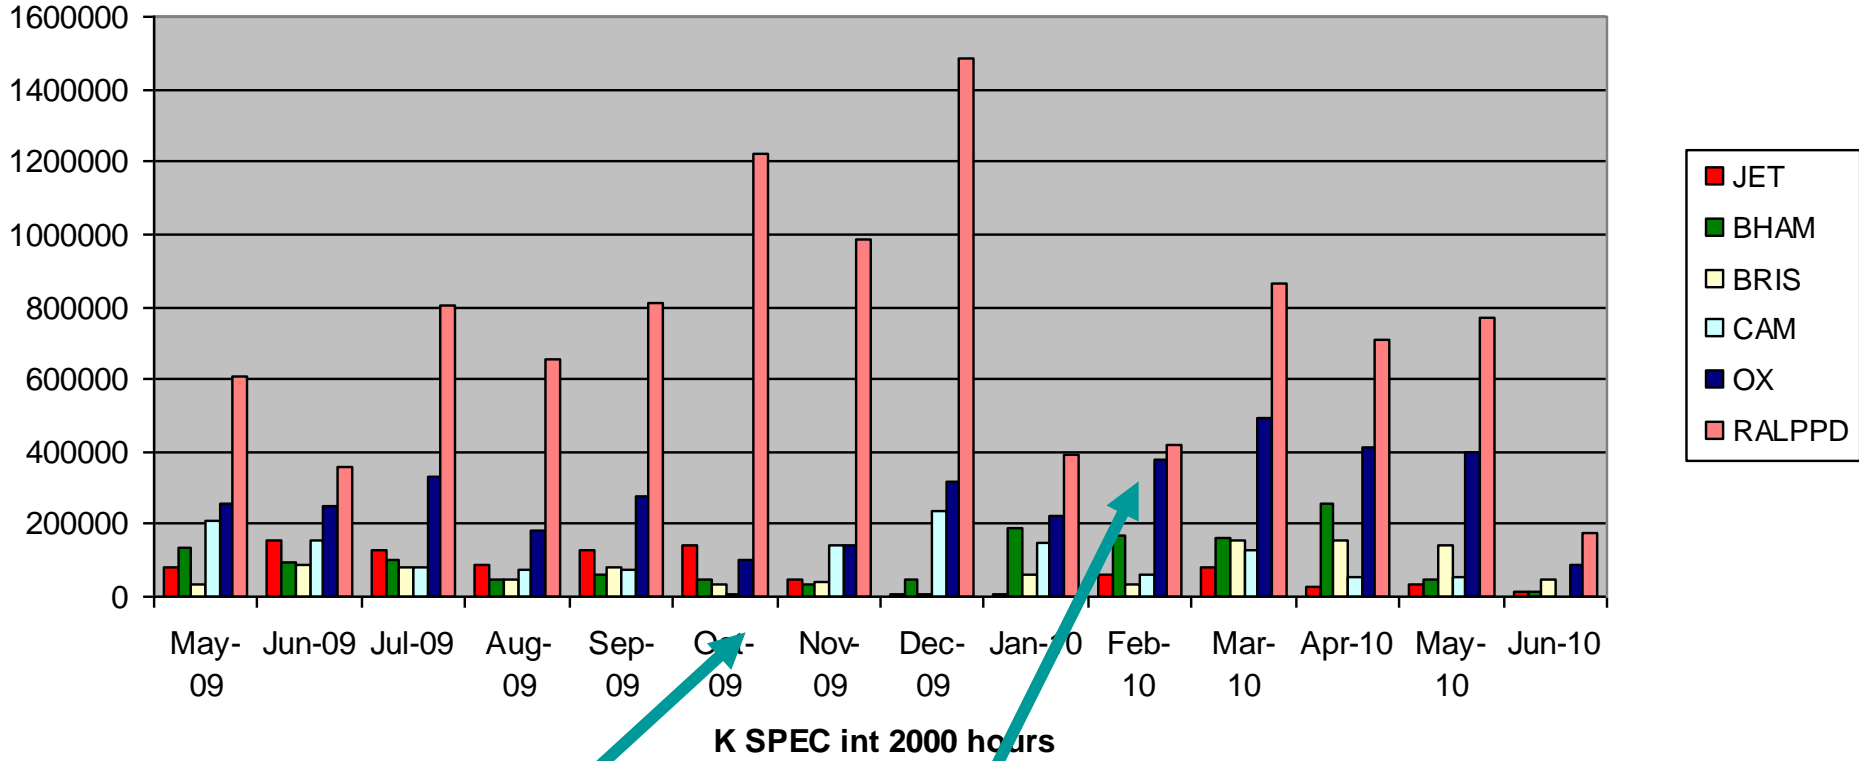

10th June 2010

SouthGrid Sites Accounting as reported by APEL

Sites Upgrading to SL5 and recalibration of published SI2K values

RALPP seem low, even after my compensation for publishing 1000 instead of 2500

- Preparing tender to purchase h/w with the 2nd tranche of gridpp3 money
- ATLAS pool accounts on the DPM problem, worked for some not for others. Increased the number fixed it.
- Ewan working on KVM and iSCSI for VMs. SL5 has Virt IO support as both host and guest. Shared storage will give us VMware style live migration for free. No VMware tools hassle.

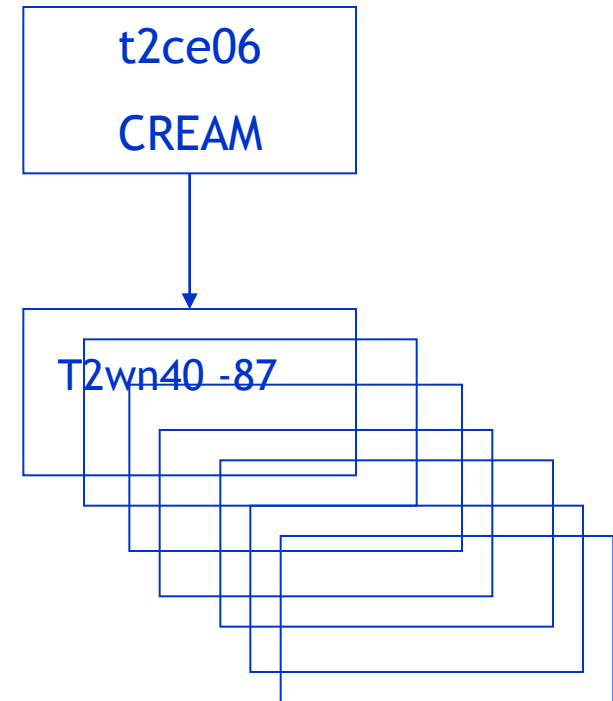

Glite 3.2 SL5

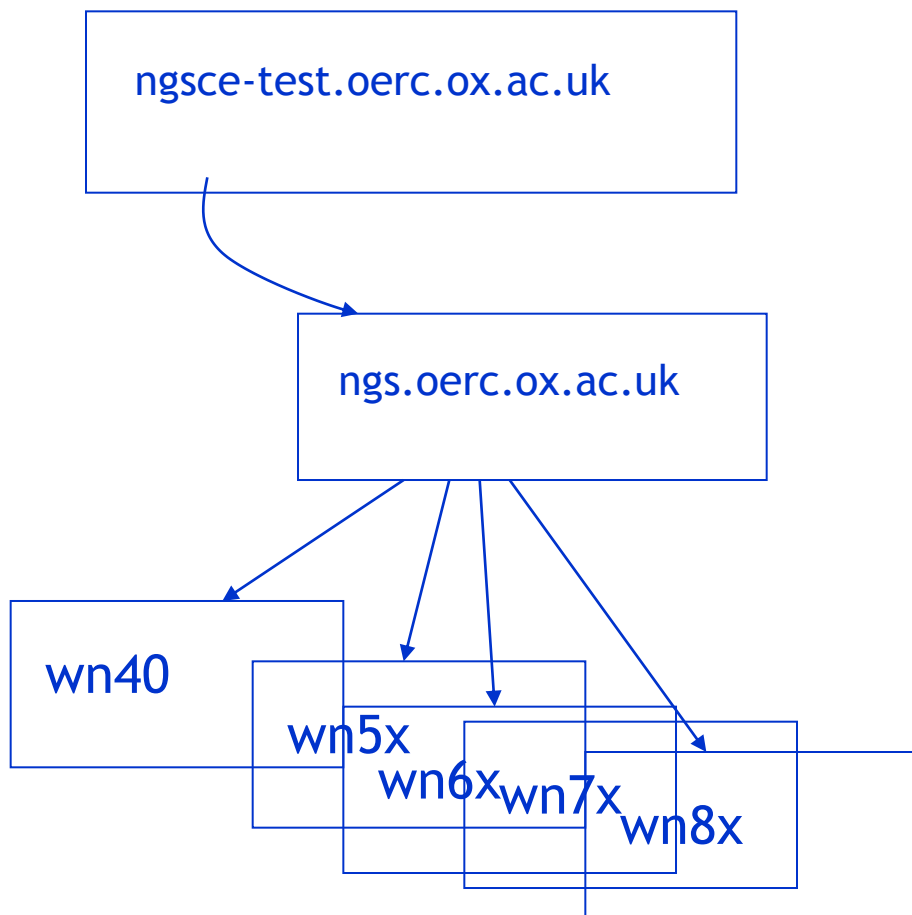

Glite 3.2 SL5

Glite 3.2 SL5

ngsce-test is a Virtual Machine which has glite ce software installed.

The glite WN software is installed via a tar ball in an NFS shared area visible to all the WN's.

PBSpro logs are rsync'ed to ngsce-test to allow the APEL accounting to match which PBS jobs were grid jobs.

Contributed 1.2% of Oxfords total work during Q1

Oxford Tier-2 Cluster – Jan 2009

located at Begbroke. Tendering for upgrade

17th November
2008 Upgrade

Decommissioned
January 2009

Site	Pakiti	Ganglia	Pbswebmon	Scas,glexec, argus
JET	No	Yes	No	No
Bham	Yes	Yes	No	No,yes,yes
Brist	Yes, v1	Yes	No	No
Cam	No	Yes	No	No
Ox	V1 production, v2 test	Yes	Yes	Yes, yes, no
RALPP	V1	Yes	No	No (but started on scas)

- SouthGrid sites utilisation improving
- Many had recent upgrades others putting out tenders
- Will be purchasing new hardware in gridpp3 second tranche
- Monitoring for production running improving
