

UK HEP FORUM

Heavy Flavour Physics

Cosener's House, Abingdon-on-Thames
21-22 June, 2007

*A forum at the intersection between theory and experiment to
explore the relation between new physics and flavour,
direct and indirect discoveries at the LHC, and future directions*

TOPICS

- Heavy flavour and new physics
- B decays in BSM scenarios
- Benchmarks and Tools
- Future experiments/facilities

ORGANISING COMMITTEE

Patricia Ball
Francesca Di Lodovico
Bill Murray
Steve Playfer
Stefania Ricciardi
Chris Sachrajda

SECRETARIAT

Jane Bruffell
